Parents or guardians desiring to furnish transportation for their *own* child, at the conclusion of the school sponsored or extra-curricular activity, must present written notification to the principal prior to the student boarding the school owned vehicle. The notification should include the parent's designated representative who will be transporting the child. Parents/guardians must make personal contact with the principal or her designated representative at the activity before the student will be released under their responsibility. Parents/guardians may not furnish transportation to any student other than their own child. This form will serve a permission and authorization for the sponsor to seek medical attention in case of an emergency.

I agree to allow my child to travel with a group or individual associated with the East Chambers ISD. I agree to assume any and all liability for injuries or damages that occur to my child or to me as a result of his/her participation in school sponsored or extra-curricular activity trip. I understand that the District, its Trustees, employees, and agents are not waiving any sovereign or governmental immunity, which it or they have under Texas law. I have read and understand this release and sign it voluntarily and with full knowledge of its significance.
